CLEARINGHOUSE REPORT

October 1 through October 15, 2003

SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS

INTERGOVERNMENTAL REVIEW CLEARINGHOUSE REPORT

This Intergovernmental Review Clearinghouse Report summarizes the federal grant applications, environmental documents and other information received by SCAG's Intergovernmental Review (IGR) Section during the period **October 1 through October 15, 2003**. The Clearinghouse Report consists of two sections, Federal Grant Listing and Environmental Documentation Listing.

The Federal Grant Listing is provided to inform your organization of all grant applications for federal assistance from our region in accordance with Executive Order 12372. The listing includes state sponsored plans and project types such as Housing and Community Development, Urban Mass Transit, and Human Services. The Environmental Documentation Listing describes regionally significant and non-regionally significant facilities (e.g., transportation, wastewater treatment), residential, commercial and industrial projects which have been voluntarily submitted for review by local governments. Environmental documents received include Notices of Preparation, Environmental Impact Reports, Environmental Impact Statements, Negative Declarations and Mitigated Negative Declarations.

Project descriptions on both listings are organized by county: Imperial, Los Angeles, Orange, Riverside, San Bernardino, and Ventura. State plans and other multi-county plans, projects and proposals are grouped under the "Multi-County" heading at the beginning of the IGR Clearinghouse Report.

IGR CONTACT

To include the interest of your jurisdiction or comment on proposed comprehensive planning, areawide coordination or environmental impacts please contact the IGR Section prior to **October 31, 2003**. Please send one (1) copy of all environmental documentation. Also, please provide the name and telephone number of the contact person on your transmittal. We may be reached at:

Mailing Address: **Southern California Association of Governments**
Intergovernmental Review Section
818 West Seventh Street, 12th Floor
Los Angeles, CA 90017-3435

Telephone: (213) 236-1800
Fax: (213) 236-1962

Questions regarding the Clearinghouse Report should be directed to Laverne Jones, (213) 236-1857.

ANNOUNCEMENT

The public review and comment period for the **LAX Master Plan** has been extended to Friday, November 7, 2003 for more information please contact Jim Ritchie at (310) 646-7697.

The public review and comment period for the **Village At Playa Vista Project** has been extended to December 22, 2003. For more information contact Sue Chang at (213) 978-1396.

Route 66 Corridor Specific Plan

Contact: David Chantarangsu, (626) 914-8217

The Route 66 Corridor Specific Plan provides a policy and regulatory bridge between the City of Glendora General Plan and individual, project-level development. The Route 66 Corridor Specific Plan provides area-specific land use regulations and development guidelines. Once adopted, the Route 66 Corridor Specific Plan will provide the legal development requirements for the project area. The project area is located in the City of Glendora, which is located in the foothills in the northeast portion of Los Angeles County.

Lancaster Water Reclamation Plant 2020 Facilities Plan

Contact: Sagar K. Raksit, (562) 699-7411

The Lancaster Water Reclamation 2020 Facilities Plan identifies the long-term wastewater treatment and effluent management facilities needed to accommodate the projected District No. 14 wastewater flow through the year 2020. District No. 14 includes portions of the cities of Lancaster and Palmdale and adjacent areas of unincorporated Los Angeles County. The LWRP 2020 Facilities Plan proposes upgrade and expansion of the LWRP wastewater treatment facilities and irrigation of agricultural lands during the summer months and management of effluent primarily via storage during the winter months.

Lancaster Water Reclamation Plant is located at the Intersection of Avenue D and State Route 14 in North Los Angeles County.

City of Hawaiian Gardens General Plan Amendment #2003-01

Contact: Joseph Colombo, (562) 420-2641

The proposed General Plan Amendment involves land use designation changes in the City's General Plan Land Use Map. The changes in land use designations are intended to accomplish several goals, including the expansion of Clarkdale Park, the removal of split designations on commercial/residential parcels, and the provision of more areas for commercial development within the City, including the continuation of Norwalk Boulevard as a commercial corridor. The General Plan Amendment area is along the east side Norwalk Boulevard, from 211th Street to 214th Street; South of Carson Street and north of Claretta Avenue; At the northwest corner of Hawaiian Avenue and 221st Street, and on Clarkdale Avenue, north of Clarkdale Park in the City of Hawaiian Gardens, Los Angeles County.

Conditional Use Permit (CUP97-8)

Contact: Dianne Walter, (626) 914-8214

The original project, a conditional use permit for operation of a church, is proposed to be modified to include a new pre-school playground. The request is a modification of the original site plan approved for the use. The proposed change is considered a minor alteration, which will not create significant new environmental impacts. The location of the project is 1515 S. Glendora Avenue, Glendora, California.

Long Beach LNG Import Project

Contact: Robert Kanter, (562) 437-0041

Sounds Energy Solutions proposes to construct and operate a liquefied natural gas (LNG) import terminal facility on a 27-acre site on a portion of Pier T, designated Berth T-126, on Terminal Island within the Port of Long Beach, California. The proposed site, which was formerly part of a naval shipyard, would require a limited amount of dredging (between 75,000 and 125,000 cubic yards) to support the ship berth and achieve uniform water depth. The Long Beach LNG Import Project would provide about 700 million standard cubic feet of natural gas per day to the local transmission and distribution systems.

Date Received 10/6/2003 Date Comments Due 11/24/2003
Orange County Transportation Authority
The CenterLine Project
Contact: Charles Guess, (714) 560-5775

This Supplemental Draft EIR/Revised Draft EIR describes and summarizes the transportation impacts, environmental impacts, and costs of The CenterLine Project being considered in central Orange County, California. The proposed action is an improvement to the existing transportation system beginning at the City of Santa Ana on the north and extending south through the City of Costa Mesa, then east through the City of Irvine in the central portion of the Orange County Transportation Authority's (OCTA's) area of jurisdiction. The proposed action would construct an approximately 8.5 to 12.4-mile rail transit system. The lead agencies for this SDEIS/RDEIR are OCTA and the Federal Transit Administration (FTA).

Elsinore Valley Municipal Water District (EVMWD)
Back Basin Groundwater Storage Project
Contact: Joe Mouawad, (909) 674-5682

The proposed Back Basin Groundwater Storage Project is an Aquifer Storage and Recovery (ASR) program in the Elsinore Basin. The project proposes to use a system of six dual-purpose, injection/extraction wells (and two monitoring wells) in the Back Basin area of Lake Elsinore to store and recover imported Metropolitan Water District of Southern California water. During winter months, imported water would be injected into the wells and stored within the Elsinore Basin. The stored water would be extracted during the dry summer months, allowing Elsinore Valley Municipal Water District to reduce its reliance on imported water. The proposed project is located in the City of Lake Elsinore, Riverside County, California.

Victorville Sanitary Landfill

Contact: Matthew Slowik, (909) 387-4131

The proposed project consists of the expansion of the existing Victorville Sanitary Landfill from its currently permitted 67-acre footprint to a 341-acre footprint over a period of approximately 76 years (2081); increasing the permitted height by 52 feet from 3,130 feet above mean sea level (msl) to 3,182 feet above msl; and increasing the overall size of the landfill site from 80 acres to 491 acres. The site is located west of Interstate 15 near the intersection of Stoddard Wells Road and Quarry Road (Township 6N, Range 4W, Section 23, SBBM).

UCLA Lake Arrowhead Conference Center

Lake Arrowhead Facility Improvements

Contact: John E. Zimmerman, (510) 987-9593

The project will replace the existing Maintenance and Recreation Buildings and renovate and expand the food service facilities in the Main lodge of the UCLA Lake Arrowhead Conference Center. Net of demolition, the project would result in the addition of approximately 9,769 gross square feet (gsf) to the property. The Center is located at 850 Willow Creek Road, Lake Arrowhead, CA 92352.

Los Angeles World Airports

Pacific Gateway Cargo Center

Contact: Karen Hoo, (310) 646-3852

The City of Los Angeles proposes to allow development of the Pacific Gateway Cargo Center, an aviation-oriented cargo transfer point facility geared toward regional logistics industries and located at the Ontario International Airport in the City of Ontario, California. The approximately 105-acre Project site is located on Ontario International Airport property near the airport's northwest corner. The proposed Project would consist of approximately 1.5 million square feet of interior cargo, ground support, office, retail and ancillary facilities, as well as approximately one million square feet of aircraft parking areas, accessible to the proposed air cargo facilities.

Case No. EIR-2359
Contact: Kevin Colin, (805) 654-7890

The Saratoga Condominiums/Thille Community Park would be located on the northwest corner of the Telephone Road/Saratoga Avenue intersection. This portion of the project would result in the construction of 74 residential condominium units on the southern half of the site and a 5-acre neighborhood park on the remainder of the site.

The Henderson Townhomes would be located on the north side of Telephone Road; northwest on Cypress Point Lane. This portion of the project would result in the construction of 182 residential townhouse units. Vehicular access to the site would be provided from the Thille Street and Telephone Road. Townhouse units would be contained within 37 two-story structures oriented around interior drive aisles. The proposed project is located upon two parcels of land within the Thille Community planning area of the City of Ventura.
